Dear Siska Yulia Defitri,

the manuscript THE ROLE OF POLITICAL WILL IN THE IMPLEMENTATION OF DIGITAL GOVERNMENT IN INDONESIA, submitted to Problems and Perspectives in Management Journal, needs to be revised.

Comments:

The introduction should end with a general statement of the problem. It would be better to remove the following:

"The limited study of discussing the role of politics in the application of technology, especially empirically, is the goal of this study. It is hoped that this study can examine the role of political will directly in influencing the improvement of digital governance, while also confirming the role of political will as an intermediary for the main factors in improving e-government implementation, namely the availability of infrastructure (ICT) and human resource competencies."

The Literature review should be increased by the volume and number of analyzed current and influential sources.

The Conclusions were built incorrectly. There should be such logic in the Conclusions - indicate the aim of the research, briefly demonstrate the result, indicate what conclusions should be drawn from it.

The deadline for revisions is 2021-12-02

To revise a manuscript please don't forget to log in to the system and to upload a revised manuscript!

Kind regards,

Katerina Maschenko

Dear Siska Yulia Defitri,

the manuscript THE ROLE OF POLITICAL WILL IN THE IMPLEMENTATION OF DIGITAL GOVERNMENT IN INDONESIA, submitted to Problems and Perspectives in Management Journal, needs to be revised.

Comments:

Our journal strictly observes the principles of publication ethics, including when talking about citing the works of other scientists and the works they published earlier. Any loanwords, including text loans (even insignificant), are unacceptable without mentioning their author.

We kindly ask you to pay attention to the widespread problem of wrong citation when Author A somehow gives (mentions, retells) the text fragment from the work (published by Author B), which contains the reference to other work (published by Author C).

In this case there are two options of correct citation:

- 1 – cite the work of Author B and note that he/she, in turn, cited the work of Author C;
- 2 – directly mention the work of Author C as well and cite it.

Do not forget that you can also use direct citations, that is why please use the quotation marks and when citing the source please note the page from which this quotation was taken.

You should be especially aware that you did not violate the principles of publication ethics. If there are at least small doubts that there can be misunderstandings about the identification of the
